The federal No Child Left Behind Act requires states to track whether schools are making "Adequate Yearly Progress"(AYP) toward the goal of ensuring that all students know and are able to do grade-level work in reading and mathematics.

¹Did your school make AYP in reading? No

Did your school make AYP in math? No

¹How many targets does your school have? 26 How many were met? 20

¹Adequate Yearly Progress is met when all sub-groups including 30 or more students by ethnicity, economic status, disabilities and limited English proficiency meet 100% of academic targets on CSAP and CSAPA set by federal law.

STUDENT PERFORMANCE

Colorado students are assessed once a year in order to measure their performance on state academic content standards, using the Colorado Student Assessment Program (CSAP). The chart below shows the results for grades 9 - 10 in the subject areas for reading, writing and math for all students tested.

CSAP 2005 Spring

Note: Percentages may not add to 100 due to rounding

	Percent of Students Scoring Proficient and Advanced			Student Test Scores Used For Calculating Overall Academic Performance	
	Your School	District	State	Test Scores Counted	Test Scores not used due to Language
Grade 9-10 Reading	81%	83%	66%	95.4%	1.8%
Grade 9-10 Writing	71%	72%	51%	0.2%	2.6%
Grade 9-10 Math	48%	46%	32%		

Each school in the State received a rating of "Excellent", "High", "Average", "Low", or "Unsatisfactory" for student academic performance in school year 2004-2005 using the CSAP results printed above. Every student in this school who took these tests was included in the calculation used to assign a rating, except for students who do not speak English, or who are eligible for the state alternate assessment for students with disabilities, or who enrolled in the public school after October 1 of this school year. The percentages of students whose scores were included in the calculation or were not included in each of the three categories is shown on the above chart. Your school's rating was determined by the percentage of students performing in each of the Advanced, Proficient, Partially Proficient, and Unsatisfactory levels. These percentages were weighted and combined across grade levels and academic areas. These weights reward performance at the Advanced and Proficient levels over performance at the Partially Proficient and Unsatisfactory levels. The ratings were assigned after calculating the weighted total for each academic area and grade level for each school and comparing this school to all other high schools for the 2004-2005 school year.

Overall Academic Performance for the 2004-2005 school year **Excellent**

QUESTIONS PARENTS SHOULD ASK

Based on your child's school's Overall Academic Performance of **Excellent**, here are some questions you may want to ask your school about student achievement.

What is the school doing to improve my child's overall grades in reading, writing, and math?

You may want to request information from your child's teacher to find out what curriculum is being taught and if the material follows standards set in these subjects. Ask how phonics - and research-based testing is being used to identify your child's strengths and weaknesses.

What can I do as a parent to help my child do his or her best in school?

Parental involvement is important in making sure your child does well in school - talk to your child's teacher to find out how you can help. Ask your child's teacher about giving your child supplemental reading and math assignments or for additional homework that you may help your child with at home.

How does my child's teacher plan to help my child do his or her best in school?

You're child's teacher should have a good idea of what your child does well and what areas might need improvement. Ask your child's teacher how he or she is being diagnostically assessed and what strategy his or her teacher has in place to address your child's needs.

How does the school use tests (i.e. CSAP, ACT, etc.) to make sure my child is or will be ready for college?

Ask your child's college advising counselor about how your child's scores will help or hinder his or her ability to attend and succeed in college and what grants and scholarships your child may be eligible for.

Is my child being challenged by the school work given in class?

Your child should be given school work that is challenging. Ask your child's counselor about options, programs, and additional work outside of class that will help challenge students who may need it.

What is the school doing to make sure its students are doing the best they can do?

If your child needs extra help, the school should be able to provide it. Ask about how it plans to make sure all students are learning what needs to be learned, which areas still need improvement and what is being done about it.

Based on this school's academic performance, your child may be eligible for one or more of the following; ask your school if your child qualifies for:

- After-school and summer-school classes
- Tutoring
- Mentoring
- Other extra help outside of regular school hours
